To Kill a Mockingbird---The Testimony: Use this sheet to gather information as each person testifies at the trial.

Heck Tate (Ch. 17)	Bob Ewell (Ch. 17)	Mayella Ewell (Ch. 18)	Tom Robinson (Ch. 19)
Heck saw bruises and finger marks on Mayella. Black eye (right) his left. Had to think for a while about which eye it was. NO doctor. Her bangs are covering her eye. NO doctor means they didn't care as much about Mayella. Only cared about who did 'it'.	Bob got stuck on the fence and could not catch Tom. Claims to have seen Tom even at night. Ran to do everything but did not get a doctor. Left handed and could have hit Mayella on her right eye. Saw Tom go out the front door. Out in woods getting wood. Agrees with Heck's description to make it sound more reliable than before hand writing. Bob's eyebrow twitched when Mayella claimed he said "who did it"? Grabbed Mayella when she tried to run out. Said he would kill Mayella after calling her a whore. Probably went her after.	Plantiff- Person accusing of rape. Mayella was asked if her father ever beat her and she hesitated. Says her dad gets bad when drunk. Has no friends- lonely. No one heard her scream- a lot of people in house- where were they + she didn't answer. Knows Tom. Said left side of face was beaten (opposite). Says her dad asked who did it but Bob said he saw Tom. Did not know what Atticus meant by if she loved her father. She tried saying Atticus was supposed to believe her as a white woman. Hesitated with oath to to tell the truth. Said Tom didn't hit her, then said he did. Said she knew how he beat her, then said Tom didn't.	Defendant- Person being accused. Left hand got injured in a machine so he has no muscle in that arm and could not have punched her or grabbed her neck. Mayella tried to kiss + hug him when her siblings were out. He helped inside the house + outside (Many times) Mayella saved it nicks for 1 year to have him alone. Mayella did not intend for her father to see. Mayella talked about a different time Tom helped her. Tom put a chair in between them then moved Mayella and ran. Tom was scared because he touched her + didn't want to stay long enough to have to push her away. Felt sorry for Mayella. Tom promised to tell truth. Tom was nervous. Walked past the Ewell house every day to go to the field. Chittambee was over a year ago/ Prior to the incident. Called her Miss Mayella.

Leila Flanagan
