We hereby submit specifications and estimates for the provision and installation of:

Description

Provision and installation of the below listed furnace, including necessary ductwork transitions, plenums, return air box with integrated filter rack. Direct venting/combustion air with 3 inch PVC piping, condensate removal with condensate pump. All low voltage wiring and line voltage wiring from 4x4 box over furnace included. Hookup to existing gas piping.

York TM9Y080C16MP11 Gas Furnace LX Natural Gas 80K BTU 96% 2 Stage

This project requires permits from the City of Burlington's Department of Permitting and Inspections. Vermont Energy will obtain the permits. To complete your project contact Vermont Energy to schedule the inspections to close them. (It is important to close your permits to avoid issues when refinancing or selling your property.)

Price includes \$250 rebate for VGS customers having a 95-96% efficient furnace installed in 2024. Additional information can be found here: <https://vgsvt.com/savings/residentialrebate/>

Total: \$6,459.40

NOTES

- Clean up guarantee: Vermont Energy will broom clean the work site at the completion of the project.
- System startup and review included.
- Acceptance of Proposal: Sign and return copy to confirm installation date.
- Any changes required due to pre-existing faulty parts, materials or conditions not expressly covered by the scope of work in this Proposal are extra.
- Owner is responsible for clear access in and around all working areas, including snow removal to outdoor unit locations and plowed driveways as necessary.

Please note any scheduled installation dates may change due to extreme weather or other conditions.

- All installation and service invoices over 30 days subject to 2% monthly finance charge.

INSTALLATION GUARANTEE

Vermont Energy Contracting & Supply Corp. guarantees for one year the installation of your energy system or service.

PROPOSAL

Vermont Energy
PO Box 969
Williston, VT 05495

Phone: 802-658-6055
Fax: 802-658-0718
www.vtenergy.com

If within one year of installation there is found a defect in the workmanship or materials used in the installation, Vermont Energy will repair or at its option, replace defective components and/or parts at no charge.

This guarantee covers defects in the materials or workmanship of the installation only. It does not apply to conditions resulting from lack of maintenance, misuse, abuse, negligence, accident or alteration.

This guarantee does not extend to the heating/energy equipment itself. The equipment is covered by warranties of the manufacturer only.

Unless otherwise stated manufacturers warranty service will be performed by Vermont Energy.

ADDITIONAL INFORMATION

We invite you to spend a few moments to visit our website to learn more about our services.

Within our site you will find links to product information provided by the manufacturers.

All material is guaranteed to be as specified. All work to be completed in a professional manner according to standard practices.

Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders and will become an extra charge over and above the estimate.

This contract is binding. Cancellations do not have to be granted by Vermont Energy but if they are, a minimum of 10% of the total quote will be kept to account for the costs that were incurred.

All agreements contingent upon delays beyond our control. Purchaser agrees to pay all costs of collection, including attorney's fees. This proposal may be withdrawn by us if not accepted within 14 days.

Please sign and return to confirm installation date.

Authorization

I hereby authorize Vermont Energy Contracting & Supply Corp to complete the proposed service, repair, or replacement and agree to pay the invoiced amount upon completion. I additionally certify that I am fully authorized to authorize this work and commit to payment. Signature _____ Date _____
