EGR System	Not Applicable		

Your vehicle failed the OBD Inspection. **It is strongly** recommended that you have your vehicle repaired as soon as possible. If the necessary repairs are not made to the vehicle, it will fail the OBD inspection next year. Repairing your vehicle can increase vehicle performance, save fuel and money, and reduce air pollution. Depending on your vehicle's age and mileage, repairs may be covered by the vehicle manufacturer's warranty. For more information, please visit <http://dev.vt-avip.com>

**Please look to repair your vehicle as soon as you can.**

**Repairs will be required in 2019, but repairing your vehicle's emissions problem today will help you save on fuel, cut down on future repair costs, and improve Vermont's air quality. Don't wait until your next inspection to address this issue because your vehicle may be eligible for warranty coverage now. Vermont's air quality laws require vehicle manufacturers to provide extended emissions coverage. To see if you qualify for warranty coverage, visit <http://bit.ly/2kMY4LB>.**
